BRIEF CONTENTS xxvii

1 Introduction to Economics • 1

BY THE NUMBERS Economics as a Career and a Valuable Tool for Life 3

WHAT IS ECONOMICS ABOUT? 4

Why Study Economics? 4

Microeconomics versus Macroeconomics 5

Data and Models 6

Efficiency versus Equity 6

ISSUE Do Economists Ever Agree on Anything? 7

Positive versus Normative Analysis 7

KEY PRINCIPLES OF ECONOMICS 8

Principle 1: Economics Is Concerned with Making Choices with Limited Resources 8

Principle 2: When Making Decisions, One Must Take into Account Tradeoffs and Opportunity Costs 9

Principle 3: Specialization Leads to Gains for All Involved 9

Principle 4: People Respond to Incentives, Both Good and Bad 10

AROUND THE WORLD Nunavut: Land of Abundance and Scarcity 10

ISSUE Would a City Change Its Name for a Game Show? 11

Principle 5: Rational Behavior Requires Thinking on the Margin 11

Principle 6: Markets Are Generally Efficient; When They Aren't, Government Can Sometimes Correct the Failure 12

Principle 7: Economic Growth, Low Unemployment, and Low Inflation Are Economic Goals That Do Not Always Coincide 13

Principle 8: Institutions and Human Creativity Help Explain the Wealth of Nations 14

ADAM SMITH (1723–1790) 14

Summing It All Up: Economics Is All Around Us 15

CHAPTER SUMMARY 16

KEY CONCEPTS 18

QUESTIONS AND PROBLEMS 18

ANSWERS TO QUESTIONS IN CHECKPOINTS 19

APPENDIX Working with Graphs and Formulas 20

GRAPHS AND DATA 20

Time Series 20

Scatter Plots 20

Pie Charts 22

Bar Charts 22

Simple Graphs Can Pack in a Lot of Information 22

A Few Simple Rules for Reading Graphs 22

GRAPHS AND MODELS 24

Linear Relationships 24

Computing the Slope of a Straight Line 24

Nonlinear Relationships 25

Computing the Slope of a Nonlinear Curve 25

ANALYZING RELATIONSHIPS BETWEEN VARIABLES 27

Ceteris Paribus: All Else Equal 27

Simple Linear Equations 27

Shifting Curves 28

2 Production, Economic Growth, and Trade • 29

BY THE NUMBERS Specialization and Trade: *The Importance of a Globalized Economy* 31

BASIC ECONOMIC QUESTIONS AND PRODUCTION 32

Basic Economic Questions 32

Economic Systems 32

Factors of Production 33

Land 33

Labor 33

Capital 33

Entrepreneurial Ability	33
Production and Efficiency	33
PHYLLIS WALLACE (1921–1993)	34

AROUND THE WORLD Ironbridge: The Beginnings of the Industrial Revolution	35
---	----

PRODUCTION POSSIBILITIES AND ECONOMIC GROWTH 36

Production Possibilities	36
Opportunity Cost	37
Increasing Opportunity Cost	38
Economic Growth	39
Expanding Resources	39
Technological Change	41

ISSUE Is the Ocean the Next Frontier? Underwater Cities and Land Reclamation	42
---	----

SPECIALIZATION, COMPARATIVE ADVANTAGE, AND TRADE 43

Absolute and Comparative Advantage	43
Gains from Trade	44
Practical Constraints on Trade	46

ISSUE Would You Pay \$200 for a Pair of “Made in USA” Sneakers?	47
--	----

■ CHAPTER SUMMARY 48

KEY CONCEPTS	50
QUESTIONS AND PROBLEMS	50
ANSWERS TO QUESTIONS IN CHECKPOINTS	51

3 Supply and Demand • 53

BY THE NUMBERS Demand and Supply for Higher Education: A Focus on Institution Types	55
--	----

MARKETS 56

The Price System	56
------------------	----

ISSUE Do Markets Exist for Everyone, Including Dogs and Cats?	56
--	----

DEMAND 57

Willingness-to-Pay: The Building Block of Market Demand	57
The Law of Demand: The Relationship Between Quantity Demanded and Price	58

The Demand Curve	59
Determinants of Demand	60
Tastes and Preferences	61
Income	61
Prices of Related Goods	61
The Number of Buyers	62
Expectations About Future Prices, Incomes, and Product Availability	62
Changes in Demand versus Changes in Quantity Demanded	62

SUPPLY 64

The Law of Supply: The Relationship Between Quantity Supplied and Price	64
The Supply Curve	64
Determinants of Supply	65
Production Technology	65
Costs of Resources	65
Prices of Related Commodities	66
Expectations	66
Number of Sellers	67
Taxes and Subsidies	67
Changes in Supply versus Changes in Quantity Supplied	67

ALFRED MARSHALL (1842–1924)	69
------------------------------------	----

MARKET EQUILIBRIUM 70

Moving to a New Equilibrium: Changes in Supply and Demand	71
Predicting the New Equilibrium When One Curve Shifts	71

AROUND THE WORLD Tokyo Disneyland: Is THAT the Line for Space Mountain?!	72
---	----

Predicting the New Equilibrium When Both Curves Shift	73
---	----

ISSUE Two-Buck Chuck: Will People Drink \$2-a-Bottle Wine?	75
---	----

■ CHAPTER SUMMARY 76

KEY CONCEPTS	78
QUESTIONS AND PROBLEMS	78
ANSWERS TO QUESTIONS IN CHECKPOINTS	81

4 Markets and Government • 83

BY THE NUMBERS Price Controls in the Economy: A Focus on the Minimum Wage	85
--	----

CONSUMER AND PRODUCER SURPLUS: MEASURING ECONOMIC EFFICIENCY 86

USING CONSUMER AND PRODUCER SURPLUS: THE GAINS FROM TRADE 89

- The Consequences of Deviating from Market
Equilibrium 89
 - When Price Exceeds Equilibrium 89
 - When Price Falls Below Equilibrium 90

PRICE CEILINGS AND PRICE FLOORS 92

- Price Ceilings 92
- Price Floors 94
 - Minimum Wage Policy 94
 - Agricultural Price Support Policy 95

ISSUE Are Price-Gouging Laws Good for Consumers? 95

MARKET FAILURE: WHEN MARKETS DO NOT DELIVER A SOCIALLY DESIRABLE OUTCOME 97

- Causes of Market Failure 97
 - Lack of Competition 97
 - Mismatch of Information 97
 - Existence of Externalities 98
 - Existence of Public Goods 98

AROUND THE WORLD Singapore: Resolving Traffic Jams
and Reducing Pollution Using Price Controls 98

- Addressing Market Failure in Three Key Societal
Issues 99
 - Climate Change 99
 - Health Care 99
 - Education 100

AMARTYA SEN (1933–) 100

■ CHAPTER SUMMARY 102

- KEY CONCEPTS 104
- QUESTIONS AND PROBLEMS 104
- ANSWERS TO QUESTIONS IN CHECKPOINTS 107

5 Elasticity • 109

BY THE NUMBERS Elasticity: *Responding to Market Forces
by Choice of Vehicle Type* 111

ELASTICITY OF DEMAND 112

- Price Elasticity of Demand as an Absolute Value 112
- Measuring Elasticity in Percentages 113
- Elastic and Inelastic Demand 113
 - Elastic 113
 - Inelastic 114
 - Unit Elastic 114
- Determinants of Elasticity 114
 - Substitutability 114
 - Proportion of Income Spent on a Product 115
 - Luxuries versus Necessities 115
 - Time Period 115
- Computing Price Elasticities 116
 - Using Midpoints to Compute Elasticity 116

TOTAL REVENUE AND OTHER MEASURES OF ELASTICITY 117

- Elasticity and Total Revenue 118
 - Inelastic Demand 118
 - Elastic Demand 119
 - Unit Elastic Demand 119
- Elasticity and Total Revenue Along a Straight-Line (Linear)
Demand Curve 119
- Other Elasticities of Demand 119
 - Cross Elasticity of Demand 120
 - Income Elasticity of Demand 121

ISSUE Using Loss Leaders to Generate Higher Total
Revenue 121

ELASTICITY OF SUPPLY 123

- Time and Price Elasticity of Supply 124
 - The Market Period 124
 - The Short Run 125
 - The Long Run 125
- Production Capacity and Input Availability 125

TAXES AND ELASTICITY 126

- Taxes on Income Sources and Their Economic
Burden 126
- Taxes on Spending and the Incidence
of Taxation 126
- Analyzing the Effect of Taxes on a Market 127
- When Elasticity Puts a Greater Burden of a Tax
on Consumers 128
- When Elasticity Puts a Greater Burden of a Tax
on Producers 129

AROUND THE WORLD Norway: An Oil Producing Nation with an Incentive *NOT* to Drive 130

ISSUE Are Sales Taxes Fair to Low-Income Households? 131

■ CHAPTER SUMMARY 132

KEY CONCEPTS 134

QUESTIONS AND PROBLEMS 134

ANSWERS TO QUESTIONS IN CHECKPOINTS 136

6 Consumer Choice and Demand • 137

BY THE NUMBERS Consumer Choice: *A Focus on Household Spending* 139

THE BUDGET LINE AND CHOICES 140

The Budget Line 140

Changes to the Budget Line 141

Changes to the Price of a Good 141

Changes to Income 142

MARGINAL UTILITY ANALYSIS 143

Preferences and Utility 143

Total and Marginal Utility 143

The Law of Diminishing Marginal Utility 144

Maximizing Utility 145

Deriving Demand Curves 146

Limitations of Marginal Utility Analysis 147

BEHAVIORAL ECONOMICS 149

Sunk Cost Fallacy 150

Framing Bias 150

Overconfidence 150

Overvaluing the Present Relative to the Future 151

Altruism 151

ISSUE Tipping and Consumer Behavior 152

AROUND THE WORLD What's Wrong with the 4th Floor?

The Economic Influence of Superstitions 153

■ CHAPTER SUMMARY 154

KEY CONCEPTS 156

QUESTIONS AND PROBLEMS 156

ANSWERS TO QUESTIONS IN

CHECKPOINTS 158

APPENDIX Indifference Curve Analysis 159

INDIFFERENCE CURVES AND CONSUMER PREFERENCES 159

Properties of Indifference Curves 160

Indifference (or Preference) Maps 160

OPTIMAL CONSUMER CHOICE 161

USING INDIFFERENCE CURVES 162

Deriving Demand Curves 162

Income and Substitution Effects 162

APPENDIX KEY CONCEPTS 165

APPENDIX QUESTIONS AND PROBLEMS 165

ANSWER TO QUESTION IN APPENDIX

CHECKPOINT 166

7 Production and Costs • 167

BY THE NUMBERS Production in an Economy: *A Focus on Labor Productivity* 169

FIRMS, PROFIT, AND ECONOMIC COSTS 170

Firms 170

Entrepreneurs 170

Sole Proprietorships 170

Partnerships 170

Corporations 171

Profit 171

Economic Costs 171

Economic Profit and Normal Profit 172

Short Run versus Long Run 173

ISSUE The Vast World of Corporate Offshoring and Profit 174

PRODUCTION IN THE SHORT RUN 175

Total Product 175

Marginal and Average Product 175

Increasing and Diminishing Marginal Returns 176

ALPHA CHIANG (1927–) 177

COSTS OF PRODUCTION 178

Short-Run Costs 178

Fixed and Variable Costs 179

Sunk Costs	179
Marginal Cost	179
Average Cost	180
Short-Run Cost Curves for Profit-Maximizing Decisions	182
Average Variable Cost (AVC)	182
Average Total Cost (ATC)	182
Marginal Cost (MC)	183

AROUND THE WORLD Live Like a Royal: Castles Turning into Hotels 183

Long-Run Costs	184
Long-Run Average Total Cost	184
Economies and Diseconomies of Scale	185
Economies of Scope	186
Role of Technology	186

■ CHAPTER SUMMARY 188

KEY CONCEPTS	190
QUESTIONS AND PROBLEMS	190
ANSWERS TO QUESTIONS IN CHECKPOINTS	192

8 Perfect Competition • 193

BY THE NUMBERS Perfectly Competitive Markets: Three Important Farm Crops 195

MARKET STRUCTURE ANALYSIS 196

Primary Market Structures	197
Perfect Competition	197
Monopolistic Competition	197
Oligopoly	197
Monopoly	197
Defining Perfectly Competitive Markets	197

PERFECT COMPETITION: SHORT-RUN DECISIONS 199

Marginal Revenue	199
Profit-Maximizing Output	200
Economic Profit	201
Five Steps to Maximizing Profit	201
Normal Profit	202
Loss Minimization and Plant Shutdown	203
The Short-Run Supply Curve	204

PERFECT COMPETITION: LONG-RUN ADJUSTMENTS 206

Adjusting to Profit and Losses in the Short Run	206
---	-----

AROUND THE WORLD Colombian Coffee: The Perils of a Perfectly Competitive Industry 208

Competition and the Public Interest	208
Long-Run Industry Supply	208
Summing Up	210

ISSUE Globalization and “The Box” 211

■ CHAPTER SUMMARY 212

KEY CONCEPTS	214
QUESTIONS AND PROBLEMS	214
ANSWERS TO QUESTIONS IN CHECKPOINTS	216

9 Monopoly • 217

BY THE NUMBERS Market Power: A Focus on the Electricity Market 219

MONOPOLY MARKETS 220

Sources of Market Power	220
Control over a Significant Factor of Production	220
Economies of Scale	220
Government Franchises, Patents, and Copyrights	221
Monopoly Pricing and Output Decisions	222
$MR < P$ for Monopoly	222
Determining a Monopolist’s Profit-Maximizing Equilibrium	223
A Monopoly Is Not Guaranteed Economic Profit	224

ISSUE “But Wait . . . There’s More!” The Success and Failure of Infomercials 225

COMPARING MONOPOLY AND COMPETITION 226

Higher Prices and Lower Output from Monopoly	226
Rent Seeking and X-Inefficiency	227
Monopolies and Innovation	227
Benefits versus Costs of Monopolies	228

PRICE DISCRIMINATION 229

Perfect (First-Degree) Price Discrimination	229
Second-Degree Price Discrimination	230
Third-Degree Price Discrimination	230

REGULATION AND ANTITRUST 232

- Regulating the Natural Monopolist 232
 - Marginal Cost Pricing Rule 232
 - Average Cost Pricing Rule 233
 - Regulation in Practice 233
- Antitrust Policy 234
- The Major Antitrust Laws 234
- Defining the Relevant Market and Market Power 235
 - Concentration Ratios 235
 - Herfindahl–Hirschman Index 236
 - Applying the HHI 236
- Contestable Markets 237

JOAN ROBINSON (1903–1983) 237

- The Future of Antitrust Policy 238

AROUND THE WORLD A Convenience Store on Every Corner, as Far as the Eye Can See 239

CHAPTER SUMMARY 240

- KEY CONCEPTS 242
- QUESTIONS AND PROBLEMS 242
- ANSWERS TO QUESTIONS IN CHECKPOINTS 244

10 Monopolistic Competition, Oligopoly, and Game Theory • 245

BY THE NUMBERS Monopolistic Competition and Oligopoly: A Focus on Food Purchases 247

MONOPOLISTIC COMPETITION 248

- Product Differentiation and the Firm's Demand Curve 248
 - The Role of Advertising 249
- ISSUE** Do Brands Really Represent Pricing Power? 250
- Price and Output Under Monopolistic Competition 250
- Comparing Monopolistic Competition to Perfect Competition 252

AROUND THE WORLD A McDonald's Big Mac Without Beef? 252

OLIGOPOLY 253

- Defining Oligopoly 253

- Cartels: Joint Profit Maximization and the Instability of Oligopolies 254

- The Kinked Demand Curve Model and the Stability of Oligopolies 255

GAME THEORY 257

- Basic Game Setup and Assumptions 258
- Simultaneous versus Sequential-Move Games 258
- Sequential-Move Games 258
 - Simultaneous-Move Games 259
- Nash Equilibrium 260
 - Nash Equilibrium: A Personal Example 261

ISSUE Mission Impossible: The Power of Focal Points in a Simulated Mission 262

JOHN NASH (1928–2015) 263

APPLICATIONS OF GAME THEORY 264

- The Prisoner's Dilemma 264
 - The Classic Prisoner's Dilemma 265
 - Other Examples of Prisoner's Dilemma Outcomes 265
 - Resolving the Prisoner's Dilemma 266
- Repeated Games 266
 - Trigger Strategies 266
- Leadership Games 267
- Chicken Games 267
- Summary of Market Structures 268

CHAPTER SUMMARY 270

- KEY CONCEPTS 272
- QUESTIONS AND PROBLEMS 272
- ANSWERS TO QUESTIONS IN CHECKPOINTS 273

11 The Labor Market • 275

BY THE NUMBERS Labor Markets: A Focus on the Fastest-Growing Occupations 277

COMPETITIVE LABOR SUPPLY 278

- Individual Labor Supply 278
 - Substitution Effect 278
 - Income Effect 279
- Market Labor Supply Curves 279
- Factors That Change Labor Supply 280
 - Demographic Changes 280
 - Nonwage Aspects of Jobs 280

Wages in Alternative Jobs 280

Nonwage Income 280

COMPETITIVE LABOR DEMAND 281

Marginal Revenue Product 281

Factors That Change Labor Demand 283

Changes in Product Demand 283

Changes in Productivity 283

Changes in the Prices of Other Inputs 284

Elasticity of Demand for Labor 284

Other Factors That Affect the Elasticity of Demand for Labor 284

Elasticity of Demand for the Product 284

Ease of Input Substitutability 284

Labor's Share of Total Production Costs 284

Competitive Labor Market Equilibrium 285

AROUND THE WORLD Life as a Sherpa: Risking One's Life in Exchange for Financial Security 286

ECONOMIC DISCRIMINATION 287

Becker's Theory of Economic Discrimination 287

Segmented Labor Markets 288

Public Policy to Combat Discrimination 290

The Equal Pay Act of 1963 290

Civil Rights Act of 1964 290

Executive Order 11246—Affirmative Action 290

Age, Disabilities, and Sexual Orientation 290

DOLORES HUERTA (1930–) 291

LABOR UNIONS AND COLLECTIVE BARGAINING 292

Types of Unions 292

Benefits and Costs of Union Membership 292

Brief History of American Unionism 292

ISSUE The Changing World of Work 293

Union versus Nonunion Wage Differentials 294

CHAPTER SUMMARY 296

KEY CONCEPTS 298

QUESTIONS AND PROBLEMS 298

ANSWERS TO QUESTIONS IN CHECKPOINTS 299

APPENDIX Imperfect Labor Markets 301

MONOPSONY 301

APPENDIX KEY CONCEPTS 303

APPENDIX QUESTIONS AND PROBLEMS 303

ANSWERS TO QUESTIONS IN APPENDIX

CHECKPOINT 304

12 Land, Capital Markets, and Innovation • 305

BY THE NUMBERS Capital Markets: A Focus on the Importance of Human Capital 307

LAND AND PHYSICAL CAPITAL 308

Land 308

Physical Capital 309

Present Value Approach 311

Rate of Return Approach 312

FINANCIAL CAPITAL 313

Banks and Borrowing 314

Bonds (Debt Capital) 314

Stocks (Equity Capital) 315

Venture Capital and Private Equity 316

ISSUE The Rise and Fall of Meme Stocks 317

INVESTMENT IN HUMAN CAPITAL 318

Education and Earnings 318

Education as Investment 318

Equilibrium Levels of Human Capital 320

Implications of Human Capital Theory 321

Human Capital as Screening or Signaling 321

On-the-Job Training 322

CECILIA ROUSE (1963–) 322

ENTREPRENEURSHIP AND INNOVATION 323

Entrepreneurship 323

Managing Innovation: Incentives and Efficiency 323

Innovation and the Global Economy 324

AROUND THE WORLD Ski Dubai: A Ski Resort in the Desert 325

CHAPTER SUMMARY 326

KEY CONCEPTS 328

QUESTIONS AND PROBLEMS 328

ANSWERS TO QUESTIONS IN CHECKPOINTS 329

13 Externalities and Public Goods • 331

BY THE NUMBERS Externalities: *A Focus on Climate Change and the Environment* 333

EXTERNALITIES 334

Negative Externalities 334

Positive Externalities 336

The Coase Theorem 337

RONALD COASE (1910–2013) 338

PUBLIC GOODS 339

What Are Public Goods? 339

The Demand for Public Goods 339

Optimal Provision of Public Goods 340

Common Resources 341

Health Care as a Public Good 341

AROUND THE WORLD Life at the Top of the Rock:

Protecting the Barbary Macaques 343

ENVIRONMENTAL POLICY 344

Intergenerational Questions 344

Socially Efficient Levels of Pollution 345

Overview of Environmental Policies 346

Command and Control Policies 346

Emissions Taxes 347

Tradable Permits 347

ISSUE Cap-and-Trade: The Day Liberal Environmentalists and Free-Market Conservatives Agreed 348

Trends in Environmental Policy 349

THE ECONOMICS OF CLIMATE CHANGE AND SUSTAINABLE DEVELOPMENT 349

Understanding Climate Change 350

The Causes of Climate Change 350

The Consequences of Climate Change Today and in the Future 351

The Challenges of Addressing Climate Change 351

Governmental Social Responsibility 352

Corporate Social Responsibility 352

Individual Social Responsibility 352

ELINOR OSTROM (1933–2012) 353

CHAPTER SUMMARY 354

KEY CONCEPTS 356

QUESTIONS AND PROBLEMS 356

ANSWERS TO QUESTIONS IN CHECKPOINTS 358

APPENDIX Welfare Analysis of Economic Markets and Policies 359

FREE (PRIVATE) MARKET OUTCOMES 359

WELFARE ANALYSIS IN MARKETS WITH EXTERNAL COSTS 360

WELFARE ANALYSIS IN THE MARKET FOR COMMON RESOURCES 361

WELFARE ANALYSIS IN MARKETS WITH EXTERNAL BENEFITS 361

14 Network Goods • 363

BY THE NUMBERS Networks: *A Focus on Internet Connectivity* 365

WHAT IS A NETWORK GOOD? 366

Types of Network Goods 366

Network Effects 366

AROUND THE WORLD The Drone Highway: A Lifeline for Rural Rwandans 368

DEMAND CURVE FOR A NETWORK GOOD 369

Demand for a Fixed Capacity Network Good 369

Deriving the Full Network Demand Curve 369

Examples of Network Demand Curve Pricing in Our Daily Lives 371

MARKET EQUILIBRIUM FOR A NETWORK GOOD 371

Economies of Scale and Marginal Cost 372

Finding an Equilibrium in the Market for Network Goods 372

Network Goods Can Face a Virtuous Cycle or a Vicious Cycle Very Quickly 373

ISSUE Has Social Networking Invaded Your Privacy? 374

COMPETITION AND MARKET STRUCTURE FOR NETWORK GOODS 374

Competition and Pricing Strategies 375
 Capturing New Customers Using Teaser Strategies 375
 Retaining Existing Customers Using Lock-In Strategies 375

ISSUE A 0% Credit Card Offer: Is It Too Good to Be True? 376

Using Market Segmentation to Maximize Profit 376

SHOULD NETWORK GOODS BE REGULATED? 378

Promoting Network Competition with Interconnection 379
 Industry Standards and Network Compatibility 380
 Does Interconnection Improve Efficiency in Network Industries? 380
 Can Poor Regulation Be Worse Than No Regulation? 380
 Blockchain Technology: A Network Without Regulation 381

■ CHAPTER SUMMARY 382

KEY CONCEPTS 384
 QUESTIONS AND PROBLEMS 384
 ANSWERS TO QUESTIONS IN CHECKPOINTS 386

15 Income Inequality and Poverty • 387
